

**Transition Update from the Parish Profile Co-Chairs**  
**July 28, 2023**

Parish Profile Committee co-chairs Cary Nicholas and Rob Jennings met this week with Bud Holland, our Transition Consultant, to learn about and begin to map out the process of developing the parish profile. Our first step will be to form a committee that represents a diverse cross-section of the parish. One of the Committee's first tasks will be gathering input from as wide a range of parishioners as possible on the main sections of the Parish Profile: where we have come from, who we are now, and what we aspire to become. While the Committee will not be a large group, we expect there will be many ways and opportunities— large and small— to contribute to this exciting, important work. Please share your thoughts and comments with Rob ([jenningsr76@gmail.com](mailto:jenningsr76@gmail.com)) or Cary ([carynich757@gmail.com](mailto:carynich757@gmail.com)).
