

Transition Update from the Parish Profile Committee Co-Chairs - August 4, 2023

Parish Profile Committee co-chairs Cary Nicholas and Rob Jennings met last week with Bud Holland, our Transition Consultant, to begin to map out the process of developing the parish profile. We have begun recruiting members for a committee that represents a diverse cross-section of the parish and we are halfway there. One of the Committee's first tasks will be gathering input from as wide a range of parishioners as possible on the main sections of the Parish Profile: where we have come from, who we are now, and what we aspire to become. While the Committee will not be a large group, we expect there will be many ways and opportunities— large and small— to contribute to this exciting, important work. Please share your thoughts and comments with Rob (jenningsr76@gmail.com) or Cary (carynich757@gmail.com). (Rob is away this week, and Cary will be away next week, so may not respond right away.)
