

## **Transition Update from the Vestry - July 14, 2023**

On behalf of the Vestry, I am pleased to announce that the Co-Chairs of the Parish Profile Committee are Cary Nicholas and Rob Jennings. Both have agreed to take on the task of coordinating the creation of the Parish Profile which is our present stage in the transition process. This document is created anew at the time of each rector search, and will fully describe the work and life of this parish: what it has been, what it is, as well as our hopes for the future. When the next phase of the search process begins, discernment and calling, it is the St Martin's Parish Profile that will inform potential applicants.
